VOL. 14, NUMBER 102 MONESSEN, PA, MONDAY, OCTOBER 11 1915 SIX CENTS THE WEEK

The fall season is here. This country has arranged to loan $500,000.000 to Great Britain and France. Are you still croaking hard times? Maybe a little judgment and business push would help you.

Albert Brighenti Takes Own Life At Morgantown

The greetings and words of welcome which were showered on Albert Brighenti a few weeks ago were strong indications of the hold he had on the affections of his friends. For some years he has been working in Morgantown and recently resigned his position to make his home with his brohter, Barcello Brighenti of Knox avenue, contemplating entering into business, but a few days ago he returned to Morgantown for the purpose of closing up such business as had been left unsettled.

On Saturday word was received by Mr. Brighenti that his brother had committed suicide by shooting himself. So unexepected was the news that credence could hardly find a place in the minds of his friends. Later however, the word was confirmed and the many friends were left to conjecture as to the cause and motive. No reason was given by him, no cause known for the act. Intemperance was no part of his life; industrious and saving; honest and honorable in his actions and dealings. His motive passes with him, his own secret and his friends can only wonder why.

It appears that on his return to Morgantown he went to his boarding house, and gave them to understand that he would return to Monessen in a few days, and on the 9th he told some friends that he would leave in the afternoon, which it was supposed he had done.

About 6:30 in the morning occupants of the house were awakened by Albert saying that he was tired of living, and following the words came the crack of the pistol, and the troubles of Albert Brighenti were ended.

An inquest by Coroner S. A. Barker gave the opinion that it was a clear case of suicide. The body will be brought to Monessen and the funeral will take place from the residence of his brother on Knox avenue.

The sympathy of the friends go to the mother and relatives, and no one, knowing the deceased, will have but one opinion, which will be that of regret for the rash act which, without warning, removed from our midst, a law abiding citizen and an honest man.

McKeesport Defeated

The Crimson Thirds, McKeesport's crack lightweight champions, lost their first game in two years Saturday at Page park, when Spiegelberg got away with a forty yard run around left end for a touchdown for the local Scholastics. It was one of the best games of the season, both teams putting up classy football, and the result of the game was in doubt until the referee blew his whistle in the last period.

Preceding the game, a number of autos conveyed the players of both teams over the principal streets of the town, and when they arrived at the park, a large crowd greeted them. The game was called promptly on time, and during the first half, the two teams batted back and forth across the gridiron without any auparent advantage for either side.

In the third quarter the only score of the game was made when Spiegelberg, the star of the Scholastics, got away with his long end run and McCreary added another with his goal. The last period was nip and tuck and ended with neither side making any good gains. The locals are loud in their praise of the visitors' playing and much credit is due to Risto and Bresler for the showing of the McKeesport boys.

Sudden Death

While placing a bundle of wire on a spindle at the wire mill department of the Pittsburgh Steel plant last night, John Trembulak fell dead, a victim of heart trouble. Deceased was 36 years of age and has worked at the mill for a number of years. He left his home at 6 o'clock last evening apparently in the best of health, and his death last night may leave his family in destitute circumstances. He is survived by a wife and one child in this country and two children in the old country. Of late he has been sending all money available to his children, who are sufferers in the war zone. The body was taken to the Wright morgue, but will be removed to his late home on Seneca street.

—Frank Mercer, foreman of the Donora-American, was a local visitor Saturday evening.

Open Campaign

The Rev. Dr. Max Wertheimer, the converted Jewish Rabbi was greeted by large congregations yesterday when he began a series of revival services in the Baptist church. The doctor spoke to the Sunday school children in the morning, the subject being "The Rich Ruler." The many beautiful and coveted characteristics of this man were depicted forth and contrasted with the one important thing in this life which he lacked. The sermon was very suitable and much enjoyed by all present.

In the evening Dr. Wertheimer addressed the parents, taking for his text Hebrews 13th chapter and fifth verse. The introductory part of the sermon proved that the great sin of today is covetousness, and that Christian people especially need to be reminded of this fact. The life and character of one man in scriptures however, was an exception to this prevalent sin and that man was Moses. He perhaps above all other Biblical characters had abundant wealth and prestige offered for his reception, but he made his choice with the poor, despised, persecuted people of God. Moses did this by faith and his exemplary Christian life is traced back to his Godly parents. They had faith in God and this faith of theirs showed itself in the spiritual interest which they took in their boy.

Tomorrow afternoon will be the beginning of a series of chart talks on "The Feasts of Jehovah." Bring your Bibles and a note book. The usual evangelistic services will be held in the evening at 8 o'clock. All heartily invited to be present

High School Won

Monessen H. S. turned out strong for their annual foot ball game with Union H. S. of Turtle Creek. Full of enthusiasm and confidence after giving West Newton such a drubbing one week before, no one ever thought of anything else but victory.

In the fifteen automobiles loaded mostly with High school students, no better "rooting" was ever heard, such spirit as was shown was never heard of before in Monessen. Turtle Creek was taken by storm. The High school students, football team and friends were very grateful to those persons who were so kind and loyal as to carry the team and friends to the game in their automobiles.

The game was very interesting, no two teams could ever have been gotten together that were any more evenly matched as to playing ability. In weight Turtle Creek had a slight advantage.

Monessen outplayed their heavier opponents coached by Full Back Collins, late of Pitt, and kept the ball in their territory practically the whole game. Monessen's goal was never in danger, while Union's was threatened in the last quarter on a fumbled punt recovered by M. H. S., besides two field goals were tried one from the 35 yard line by McKinley being successful.

The defensive work put up by McQuaide, McKinley and Frazier was extraordinary for High school foot ball. Time after time McQuaide got the man with the ball before he got over the line of scrimmage. McKinley's strength was shown in his offensive attack which Union seemed unable to stop, while his field goal, a beautiful drop kick could not have been better.

Frazier's strong point was at receiving forward passes, which Monessen worked very successfully. Both Miller and Hess played good foot ball,, breaking through and got tackles back of the line of scrimmage, while Savo, the giant guard broke through at a very critical stage in the game and blocked one of Union's punts which was recovered by Monessen. Newhouse and Boag were so strong at the ends on defense that not one end run was successful, and the opponent's backs were smothered on punts. Ingram who was slightly injured, played a good steady game at guard, as did also his running mates, Lewis and Wild. Williams played his usual steady game, but he like his running mate, McKinley, was exceptionally good on handling points. Johnson went on full back at beginning of second quarter, and played his usual game. Neither side was able to gain consistently, but Monessen was more successful on forward passes. The Monessen exhibition of falling on the ball when fumbled was great to behold.

Judge Dismisses Appeal Made By Candidate Steele

Judge Lucien W. Doty Saturday morning handed down his opinion and decree regarding the re-count of the votes cast in the Hempfield No. 5 election precinct.

It will be rememberd that both Ben Steele and W. D. Reamer were dissatisfied with the re-count of the county commissioners and appealed to Judge Doty.

The decree of the court gives Steele 90 votes and Reamer 7. Mr. Reamer's total vote , therefore is 4,385 and Mr. Steele's 4,328, leaving Mr. Reamer the successful nominee by a lead of 57. Just what course Mr. Steele will now pursue has not been determined. Judge Doty has written an interesting opinion. Among other things he says:

"It appears that four members of the board have served as election officers for five consecutive years. The mildest inference that the evidence at the hearing will justify is that the board has learned little by experience. The evidence shows carelessness, some irregularities and a failure in some instances to follow the plain requirements of the law. And the investigation too, seems to force the conclusion that there was something radically wrong in the conduct of that election. There were some erasures and re-marking on nearly half the ballots cast.

"Such course so generally followed and in so many instances seem to look like systematic work. And it takes credulity too much to believe that more than one hundred voters at this polling place would make precisely the same mistake and in attempting to correct it would select out of ten others the same two candidates.

"And while the two appellants, as we have seen, are the only ones who have a personal interest in the result, every citizen of the county should be alive to the importance of having elections conducted in accordance with law.

This election board has been arrested charged with violating the election laws and their hearings will come up before Squire J. Q. Truxal next week.

Will Arrest Boys

Burgess Dunlap has instructed his police force to catch all boys who have in their possession catapults. Mush damage has been done to buildings recently and complaint has gone to the burgess. Stones have been thrown through windows, breaking them and endangering life. At the Presbyterian church last week, several large lead windows were broken, entailing a loss of at least $25.00. Should these recreants be captured, an extreme penalty will be administered and the parents will be required to settle all damage done. Parents should warn their children to beware.

Mail Houses Always Busy

The mail order houses certainly know how to go after business. That's why they get business.

Wednesday's Kittanning Leader records that 33 mail sacks filled with catalogues from a mail order house of Chicago, arrived in the post office of that town Sunday. These catalogues advertise Fall and Winter necessities for the families. Each rural route out of Kittanning carried out big stacks of them. The result is that hundreds of families in the purchasing radius of Kittanning have only to gather round the table in the evening and opening the catalogue, find, not only what their needs require, but also the price and how to order.

The local merchant will take a small space in the local newspaper, advertise one or two articles and because the profits from the sale of the articles advertised do not pay for his advertising and leave him something over, he says advertising doesn't pay. A newspaper prints a great variety of news for a great variety of the people. Some people read the politics, some the sports, some the editorials; some women read society news, all of them read personals and so it goes.

A newspaper that prints but one sort of news appeals to but one sort of people. The merchant who advertises but one or two articles in his store may find enough people interested in those articles to bring him a profit on their sale, but the merchant who tries to appeal to a large variety of people with his advertising, following the plan of the mail order houses, wins success.

THE ANTI-SUFFRAGISTS CLAIM MANY VICTORIES

Opponents of Woman Suffrage Expect to Sweep the East as Climax to Recent Triumphs at Polls, in Legislatures, in Congress and in Big Debates.

Is woman suffrage going or coming? The anti-suffragists of Pennsylvania, led by Mrs. Horace Brock, of Lebanon, honorary president of the State Federation of Pennsylvania Women, insist that votes-for-women is "going, not coming," and the facts just issued to substantiate this confidence are interesting and instructive.

The anti-suffragists have been organized but seven years, and have been waging an aggressive campaign against woman suffrage only since 1912. During that time, they have scored nine victories at the polls, they have persuaded the legislatures of twenty-two states to defeat woman suffrage propositions, they have won in both houses of the national congress, and have triumphed in every great debate held on this subject by the Universities of Yale, Harvard and Princeton They point with pride to the fact that in the states of Michigan and Ohio, where the woman suffrage battle was fought out at two elections, the second time the question was voted upon the antis won by nearly 100,000 greater majority than the first.

"No state east of the Mississippi," and "no state with a normal proportion of women," can be made to adopt double suffrage by popular vote. The overwhelming majority of the women themselves are decidedly opposed to becoming voters, the women do not desire to vote, to hold office, to serve on juries, and to compete with men in politics. The oldest suffrage state, Wyoming, contains 219 men to every 100 women, and the youngest suffrage state, Nevada, has 220 men to every 100 women. These proportions are abnormal and the highest in the United States. The state of Pennsylvania contains more women than the eleven full suffrage states combined; the city of Philadelphia has a greater population than five of the states where women vote, the city of Pittsburgh has more people than three of these states, and the city of Harrisburg contains more women over twenty-one than reside in the entire states of Wyoming or Nevada.

Why does Wyoming, where women have voted for forty-six years, contain so few women? "Millions of men have come to America for freedom; thousands of slaves fled to the north before the war to become emancipated, but so far as known, there hasn't been one woman who considered herself sufficiently oppressed under 'man made laws' to go to Wyoming to get 'emancipation' and the franchise If the suffragists want the freedom of the franchise, let them buy a ticket to some state where women vote, instead of advocating higher taxes, more extravagance, jury duty for women and double suffrage here."

PENNSYLVANIA FIRST IN "PUBLIC HOUSEKEEPING"

In a recent open letter to the Woman's Trade Union League of Philadelphia, the Pennsylvania Association Opposed to Woman Suffrage challenges any suffragist "to exhibit a state where women vote which protects married women, working women, the public health and the private family so well as Pennsylvania." Then comparisons are made of conditions and laws to show that Pennsylvania "protects women and children more generously than any double suffrage state, at less expense to the taxpayers." Among the things in which Pennsylvania has proven itself more progressive than any suffrage state are the following

It is the only state in the Union out of debt. Pennsylvania has the lowest per capita tax on property in the United States, making it easier for its people to own their own homes. It has the best mothers' pension act in the country, a lower limitation of hours for women than Wyoming (after forty-six years of suffrage), has a better workmen's compensation act ($2 higher weekly payments) than Colorado, after twenty-three years of woman suffrage, and secured for Pennsylvania married women in 1848 a better property act than that passed in Idaho in 1915 (after nineteen years of woman suffrage). Pennsylvania won the first prize at the San Francisco exposition for its public health exhibit, and has been selected by the United States department of agriculture as the banner "pure food" state.

COST OF DOUBLE SUFFRAGE

From recent estimates of elections in New York, Massachusetts and Illinois, statisticians have figured that it will cost the taxpayers $2 for each additional voter. If half of the 2,200,000 women over twenty-one in the state of Pennsylvania used the ballot, it would cost over $2,000,000 additional for each general election. The city of Chicago, since women got the vote, has had to spend over $700,000 more to elect its mayor than formerly, yet the last election showed that the entire women's vote might have been cancelled without making any practical difference in the candidates elected to office. The largest number of women who have voted in Chicago is but 39 per cent. of the electorate, and at a recent election on "humanitarian" measures, out of 725,000 women over twenty-one, less than 9,000 cast ballots The Los Angeles Times, in a recent editorial, declares that California's expenses have increased over 133 per cent. in the five years (since women have had the vote there).

In the country districts of Pennsylvania, if women voted, the name of every woman over twenty-one would appear on the assessor's list, and whether she voted or not, whether she desired the ballot or opposed it, she would be compelled to pay from $3 to $4 additional taxes, and to serve on any jury to which she was called, civil or criminal.

As business losses and personal inconvenience cannot be alleged as excuses for not serving on a jury, few women so called could escape Less than 2 per cent. of the women in Pennsylvania are engaged as physicians, nurses, etc., so that they could plead an occupational excuse In the state of Washington, recently, a judge refused permission to a woman juror even to go home and nurse her three-months-old baby, proving that a woman's family duties will not be recognized by the judges.

Napoleon Used Milton's Tactics.

Sir Arthur Conan Doyle is not the first English author whose writings have been studied for hostile ends by his country's enemies. Napoleon assured Sir Colin Campbell at Elba that he greatly admired "Paradise Lost" and had read it to some purpose. The plan of Austerlitz was borrowed from book 6 of that work, where Satan brings his artillery to bear upon Michael and his angelic host with such direful effect

Training his devilish enginery, impaled
On every side with shadowy squadrons deep
To hide the fraud.

This mode of warfare appeared to Napoleon so likely to succeed if applied to actual use that he determined upon its adoption and succeeded beyond his expectations. By reference to the details of the battle of Austerlitz it will be found to assimilate so completely with Milton's imaginary fight as to bear out the emperor's assertion.—London Chronicle

Why Men Eat More Food Than Women.

That men eat 5 or 6 per cent more than women—not because they are gluttons, but because they actually require that much more nourishment—appears as a result of an investigation made in the nutrition laboratory of the Carnegie institute at Washington by Francis G Benedict and L E Eames says the Literary Digest The reason for the discrepancy seems to be that women have a smaller proportion of active tissue than men of the same weight and more inactive material, such as fat. The investigation disclosed that the average woman generates only 1,355 heat units in the twenty-four hours as against 1,638 produced by the man, or about 2 per cent more for the latter per pound of body weight. When groups were compared after careful selection of individuals of nearly the same height and weight the men were found to produce about 12 per cent more heat than women.

MEDICAL JOURNAL

Advises Doctors to Prescribe Vinol and Give Reasons Why

"Doctor: You have many patients under your care at this season of the year especially, whom you may consider are in need of the nutritious, healing properties of cod liver oil, many people cannot digest or assimilate the ordinary cod liver oil prepartions on account of their digestive disturbances.

It is for this reason we want to respectfully call your attention to Vinol—a cod liver preparation containing Cod Liver oil, (all oil eliminated), together with Iron, Peptonate, Beef, Peptone, Iron and Ammonium Citrate and pure Native Wine.

Vinol is non-secret and in our opinion, superior to old-fashioned cod liver oil and emulsions, because while it contains all the medicinal value they do, unlike them, Vinol is deliciously palatable and agreeable to the weakest stomach.

We feel that medical practitioners who once prescribe Vinol will do so continuously, as under its treatment patients gain strength and put on flesh almost from the start"

After stooping it was hard to regain an erect position and often the pains almost took one's breath away. Headaches were almost constant and black spots floated before the eyes. A number of medicines failed to bring help and Doan's Kidney Pills were finally procured at the Hirsch Drug Co. The first box brought relief and three boxes made a cure."

FRIDAY—"The Wolf of Debt" with William Garwood and Violet Mersereau. Here is asplendid production, one that would go on its wonderful setting and photography alone. But there is a lot more to it than that. To be sure one of the big punches is accomplished by means of night photography in a rain storm. but the story is there with a punch all the time. Handsome Billy Garwood as the deserted husband of pretty Violet Mersereau shows himself very much of a man, and will win your applause when he chases the run-a-way wife and her lover on foot through a terrible storm He is big enough and man enough to bring matters to the right conclusion with one of the most effective climaxes ever seen on the screen.

SATURDAY—"The Ghost Wagon," in three reels. Every movie fan loves a western story on the screen if it's good. And he knows when he sees a good thing. Some of the bunko stuff put out as a western drama would make a horse laugh, but the Universal actors must know how to ride, and so there is a real thrill in "The Ghost Wagon" for every foot of film. MEAN TO BE KNOWN

KEEP LOOKING YOUNG

It's Easy — If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Editor Daily Independent—

Dear Sir—In your paper of September 25th, there appeared an article regarding the arrest of a certain hymn book agent who visited Monessen lately.

The following is a quotation in part:

"Arrest Agent."— "Probably for the first time in the history of Charleroi, a slight stomach ache this week completely spoiled a neat outside advertising scheme that has caught churches in Monongahela and Donora The scheme is one arranged, it is said, by a Cincinnatti house This house agrees to supply churches with a ecrtain number of hymn books of almost any kind, providing the house is permitted to sell advertising space arranged on pages in the front or back. Already the agent has signed up advertising contracts in Charleroi and arranged to give away some of his firm's hymn books, but the contracts were returned on the ground that his contribution of music stock would not be entirely accepted.'

As one of the ministers who signed one of these contracts, I think it only fair to this agent and the publishing house which he represents, as well as to the general public to know that this man's free offer of hymn books to my church has been entirely and satisfactorily fulfilled, the proof of this statement being in the fact that we received the promised gift of hymn books and were able to use them for the first time in the revival service last evening. To me this man's dealings and business appeared to be straightforward and honest, and I have no reason to doubt his professional integrity or cast reflection upon his character. His testimonials were excellent. My church wishes to publicly thank those business houses of Monessen which made it possible for us to secure such a timely gift of hymn books, by their advertising spaces which appear on the front part of the book.

Yours very truly.
Rev. W. S. Carson.
Pastor First Baptist church
Monessen, Pa., Oct. 11, 1915.

—Information through an unreliable source caused this paper to publish a local Saturday to the effect that A. W. Davis had resigned his position at the Page mill. This was a mistake and we gladly make the correction.

—A shipment of 15,000 pounds of steel was sent by express today from the Pittsburgh Steel Products plant to the Timken Roller Bearing company at Canton, Ohio. A special express car was used to handle the shipment.

—Mr. H E Schenck, cashier of the Colonial National bank of Connellsville and Mr. and Mrs. Charles Crowley, Mr. and Mrs. G. C. Hyatt and Mr. and Mrs Charles Bailey came down yesterday and spent the day, and on the return took Mrs. H. E. Schenck and Mrs. M.
